

Moving to 2/3s Room

Teachers: Miss Ellie 8:00-3:00, Miss Teresa 9:00-5:30

What you need to bring:

- A blanket and pillow with your child's name on them
- An extra set of weather-appropriate clothes
- A lunch clearly labeled with your child's name (no drink is necessary except on field trip days). Put an ice pack in the lunchbox or leave the lunch unzipped slightly.
- A bag of diapers with your child's name on the bag (this only applies to children still in diapers)
- Any necessary medication

What you need to know:

- We go outside in the mornings and afternoons whenever possible. Please make sure your child is prepared for the weather.
- We expect all children to take an afternoon nap or at least lie quietly on their cot to rest.
- We go on field trips during the summer. We appreciate it if parents are able to drive and/or chaperone at least once during the summer.
- We are sometimes transported to and from in-town field trips via Bloomington Rural Transit. If there is a problem with your child riding the bus, you are responsible for your child's transportation. There will not be childcare available at the daycare during the time that the rest of the class is on a field trip.
- We do have the ability to heat lunches if you so desire.
- If your child is going to be here early in the morning, you may bring breakfast for them.
- If you need to reach your child's teacher during the day, the best number to call is the hall phone: 349-0302.
