

## **Starting in the Infant Room**

Teachers: Miss Leah (7:00-3:30) and Miss Courtney (9:00-5:30)

Your child will need:

- A diaper bag with a couple of changes of clothes, any medication, any food that does not need to be refrigerated, extra dry formula (if applicable)
- Ready-made bottles that are individually labeled on the cap and on the bottle with your child's initials and TODAY's date
- Refrigerated food labeled with today's date (if applicable)
- Any crib decorations you would like
- A bag of diapers labeled with his/her name on the bag

Suggestions:

- Try to avoid bringing unnecessary supplies. We have bowls, spoons, bibs, blankets, washcloths, wipes, diaper cream, pacifiers, sheets, and sunscreen
- Avoid clothes that are not easily cleaned
- Bring Tylenol if your child is teething

Other important info:

- The daycare is not permitted to mix bottles. Please bring enough ready-made for the entire day.
- Look for important information about your child's day on the daily sheets hung up in the room.
- Let us know if you are trying a new food so we can be on the lookout for allergies
- If a car seat must be left here, please put it on the stone ledge just inside the school entrance (teachers will show you)
- It is normal for older infants to have separation anxiety when you leave. They generally are fine after 5-10 minutes.
- The infant room has a very loose schedule unless you request otherwise.
- Please use the sign-in sheet every time your child is dropped off or picked up.
